

ANNOUNCEMENT

GRETA MIDTERM-CONFERENCE “NEAR-SURFACE GEOTHERMAL ENERGY (NSGE) USE IN THE ALPINE SPACE”

Tuesday 7th November 2017

**Hotel NH Salzburg City, Franz-Josef-Straße 26,
A-5020 Salzburg - Austria**

09:00 – 09:30 Registration, get together

09:30 – 10:30 “Opening plenary”

Kai Zosseder as project leader will introduce the GRETA project, its aims and work which has already been done

10:30 – 11:00 Coffee break

11:00 – 12:30 “Chances and challenges”

This session is addressed to technicians, authorities, etc. to talk about their experiences related to challenges and chances of NSGE and their expectations of the project

12:30 – 13:30 Lunch break

13:30 – 14:30 “Results in the pilot areas”

Current results of the case study areas are going to be presented, each with a different focus on NSGE use

14:30 – 15:00 Coffee break

15:00 – 16:00 “Closing plenary”

The closing talk will reflect about challenges of NSGE use and encourage the discussion about current issue

16:00 – 17:00 Poster session “Shallow geothermal use”

Students as well as partners of the projects GRETA and Geoplasma-CE are going to present their current work on NSGE topics in- and outside the Alpine region and be ready for lively discussion

Conference dinner

GRETA is co-financed by the European Regional Development Fund through the Interreg Alpine Space programme.

Support from the European Union is 2 308 232.96 €
